**1.2.53**
**a Lesson in the University of The New Covenant**
Theodore Cottingham, April 14, 2004

1. I love you, Ted. I love what you are doing for My body. WeekWorks is just around the corner and you are not afraid. You are not afraid of the time tables I have established. You are not afraid of this week coming up. You are not afraid of the multiple WeekWorks that will come, that will come and at times, concurrently across My globe.

2. You are not afraid of My campus. You are not afraid of building buildings. You are not afraid of building people. You are not afraid of the prophetic. You are not afraid of My prophecies. You are not afraid of lifting people who are much stronger, wiser and better than you are.

3. You are not afraid of Me and you are not afraid of fear. You are no longer afraid of evil and you are no longer afraid of powerful people, even that may want to hold you, hold you, control you, help you, sift you, or benefit you. You are not afraid of them any longer and I appreciate that.

4. I appreciate your tenacity, your diligence in digging into Me and walking forth with a tenacious balance, a desire, discipline, and delight—a tremendous balance of being focused, self-focused not, focused on Me only; conditioning your emotions, driving at times, directing your emotions to be congruent with what I am telling you, with where I am leading you, with what I am giving you, with what I am saying to you, what already is.

5. Now command. Control not. Direct, call in, move forth, speak forth with diligence, directly to My supply, to My people, to My body: to sinew them, to bring them forth, to mature them, to bless them, to raise them up, to have what you need that is already there. I have provisioned, I have called, I have come, and I have confirmed and I confirm and I call and I will always be there when you call because I Am and I love you.

6. I am with you and I am in you and I significance you now to significance My body in ways that many will awe at, standing in awe at how one so simple can come so far. It's Me, Ted, it's Me, and it's all about Me, and its not about you.

7. It's about My obedience and its about your obedience. It's about My submissionship and its about your submissionship. It's about My oneness and its about your oneness, and it's about Me and I thank you. I thank you that you have not forgotten and I thank you that you will not forget. I will not let you forget. I will send you people that love you and rebuke you. Listen to wise counsel at all times, listen to counsel and evaluate. Thank you.

8. Thank you for standing strong and thank you for changing and knowing when to do which. I love you and I bless you.

9. I bless My people. I bless those that want Me to arise them. I bless those who sense there's more. I bless you and I call you forth this day. I call you forth into the reality that is, and not to be consumed with the reality that isn't. I have so much more for you. I am so much more. I have adventure; adventurous relationships and exploitable exploitations of patentable inventions and discoveries waiting on you and My relationshippable to come and sinew make in My body, the Body of Christ forgiven, the Body of Christ arisen, the Body of Christ confidenced, the Body of Christ significant and significant in every vocation and craft there is barring none. I love you. I love you.

10. My body comes forth in purity. My body matures. Thank you, maturable. Thank you for wanting to mature. Thank you for directing your focus, your gaze upon Me and spending time with Me.

11. I come, I call, and I confirm and I write and I will write through you, I will write through everyone of you if you let Me. I will write and I will mature you and I will correct you and I will direct you and I will connect you in ways thought far beyond your reach, far beyond your grasp, if you will let Me. Now let Me. Now let Me please.

12. Let Me walk you into the dimension of your power flowing through My power, My power flowing through your power, your power having simply been given you by Me, and yet freedom'd to intertwined be, and facilitate, employ, interject diplomatically, tactfully, with great skill, bring forth what I have for you to bring forth—maximized potential, your potential maximized in Me, with others, others, others all over My globe.

13. Think not of limitations this day and the way people have dealt with you and talked with you in the past. Think not of the limitations of circumstances and events past or even events present. Think not of the limitations that limit you and have limited your race or your pace or your space or what you have done in Me, or what you have done for Me, or what you have even done without Me.

14. Think not of the limitations with constrain and restrain. Think not about the laws that don't pertain to Me. Think about My freedom and My maturity, My ability, My blood, My Covenant, My words, My words spoken and My words spoken to you and given to you and coming through you more and more often, now, if you let Me.

15. The limitations are set aside. The past is past, let it ride into the sunset of the past. You, you, you are dependent no more on anyone but Me, if you choose to be. Your dependence on Me arises as your maturity arises, your maturity arises as your dependency on Me arises, and your trust comes forth as a bloom and a blossom with

precious scent of Me, flowing scents of Me—myrrh and aloes of grace, grace personified, grace displayed.

16. Now set aside the limitations and forget not what I have told you, but forget the limitations spoken over you by others. I am arising My arisable. My body comes forth. My body comes forth in joy and laughter and peace. Now come forth with joy and laughter and peace and enjoy Me in what I am doing, and what I am doing with everyone of you who will let Me.

17. I am shaking My trees and the earth rumbles, and many things will change very quickly.

18. See Me. See Me. Hear Me. Feel Me. Become Me, and let Me walk in your steps. Let Me walk in your shoes. Let Me speak through you. Let My eyes and My love come through your eyes. Be Me.

19. Picture Me. Let Me give you My pictures of your design and the pictures of how I operate, of how My body is to operate. The pictures of beauty, of beauty, of kindness, of honor, of respect and freedom so free, freedom so far beyond what you have ever dreamed, thought, or experienced, and yet is on My table awaiting you.

20. Freedomized triads of Me, come be. I love you. I love you. I love you. I love you and I call you forth this day to the grace of maturity, to the grace at My table with the delicacies that I have with your name, with your name on them, partitioned not, split up not, simply waiting on you. Will you come? Will you come please?

21. I come, I call and I am calling you. I am calling you, I am calling to you, I am calling to each one of you. I am calling you to My side, My breast, maturity in Me.

22. Hear My words, write My words, walk My words, walk Me. Let Me come, call and confirm in every craft and in every moment of your existence. I will come in your sleep if you let Me. I will come and at times wake you up to be with Me. I will come and at times give you dreams. I will come and at times give you visions. I will come and at times speak to you as you lay down. I will come and at times speak with you, just before you go to sleep, to see if you think I am worth talking with.

23. I will wake you and I will arise you. I will disturb your waters sometime, I will mess with your peace and see if you will come to Me to have your peace restored, or whether you will cover it up with other people, entertainment, or things not of Me. Medicine Me not out of your life, but let Me in to fully explore and maximize every part of your life, every relationship, and every avenue that I have given, provided, substantively substantiated, seen, visible yet un-noticed often. I love you.

24. I continue to call, I continue to call, I continue to call you to My breast and into the global relationships that I have for you. Think not like a little puppy, a little kitten, a dog or an animal that wants to roam, in just a little bit of a larger pen. Think of all My creation. Come. Come and play. Come and do business with Me. Come be serious with Me and come let us laugh and enjoy the wine of true life, true freedom together.

25. I come and I call. I beg sometimes. I kneel before you many times, many times, many times. Will you kneel before Me more often?

26. Will you hang there for Me? I hung there for you, and I am hanging in there for you right now. I intercede for you. I love you. I bless you. I arise you this day. Global-ness is part of My creation and My design for those who will go there with Me. I love you. I bless you. I arise you.

27. Come and call My name and let Me call your new name. Have I said it enough? Have I said it often enough? I have said it so often and yet I have just begun. Say it I will a thousand million times more through My body. I love you. I love you. I bless you.

28. I come, I call, I stand before you, I kneel before you. I welcome you to My knee. Let Me put My arm around you. Let me stroke your hair. Let Me give you your strokes.

29. Let Me confidence you and heal the past and help you know that you suffer no limitations. I set no limitations on you. I put My arm around you and I embrace you this day. I embrace you.

30. Come as you are and let Me touch you and let us talk, let us walk, let us be friends, let us be one. I love you.

31. More later.

Your Dad.
Your Father.
Your Creator.
Your Master.
Your Friend.
Your Delight, as you delight in Me.

Thank you.
I bless you.
Amen.
